

Infrastructure Victoria 2016 consultation program

Have your say and help guide Victoria's 30-year Infrastructure strategy

Planning for Victoria's long-term infrastructure needs is a complex task and we have some difficult choices to make.

Infrastructure Victoria understands that to develop a 30-year infrastructure strategy all Victorians support, it must engage with the community regularly and openly.

Laying the foundations for a successful 30-year infrastructure strategy for Victoria will require input from stakeholders and the community.

Over the coming months there will be a number of opportunities for Victorians to learn about and contribute to the strategy.

Citizen jury

We will convene two citizen juries over the course of the year. We will ask these juries to consider the question *What should we do to meet Victoria's infrastructure needs?* Jury members will be selected via an independent process which will ensure we get a cross-section of the community.

How can I get involved?

There are a number of ways the community and stakeholders can contribute to the development of the 30-year strategy throughout 2016.

ONLINE

Visit yoursay.infrastructure.com.au to learn more about the strategy, take part in discussion forums, respond to surveys, explore interactive tools, share your thoughts and hear what others have to say.

STAKEHOLDER WORKSHOPS

We will hold a number of workshops throughout 2016 to discuss different aspects of the strategy and get direct feedback from stakeholders from a range of sectors.

MAKE A SUBMISSION

You can provide a formal submission in response to our discussion papers at yoursay.infrastructure.com.au, via email enquiries@infrastructurevictoria.com.au or mail to **Infrastructure Victoria, Level 34, 121 Exhibition Street, Melbourne VIC 3000.**

Tips for providing feedback:

- Keep your responses concise and to the point.
- Ensure your submission addresses the discussion questions posed throughout our discussion papers.
- Where possible, provide submissions online.

Who is Infrastructure Victoria?

Infrastructure Victoria is an independent statutory authority which will provide expert advice and guide decision-making on Victoria's infrastructure needs and priorities.

Infrastructure Victoria has three key roles:

1. Prepare a 30-year infrastructure strategy for Victoria
2. Provide advice to the Victorian Government on infrastructure matters
3. Publish research on infrastructure matters

Keep in touch

You can make sure you have every chance to have your voice heard by signing up to our consultation register at yoursay.infrastructurevictoria.com.au

We will send you regular updates on our work and make sure you have plenty of information about the project and timeframes for getting involved.
